

Queens

Emily's Army

This life falls from ending skies
They sit in portraits
Sees if anything goes wrong
My self-reflected soul can't find
The reason being for the cruelty in our pasts
And still it lasts

Those happy months all went by so fast
Why do many people use this unforgotten word?
To hurt the mind
What can I find?

I lonely search for happy endings
Non-fiction journals into stories
So keep tryin
keep tryin

So keep tryin
and queens keep on fightin
Don't stop from tryin
so queens
oh queens
keep on fighting

Still I seem to speak the word
I wonder if I'll stop
They sit in portraits
Sees if anything goes wrong
As I watch the couples sway together never fall
Will there ever be a time where differences don't fall?
I look for love
This dreadful hatred will subdate again too fast
And still it lasts

I lonely search for happy endings
Non-fiction journals into stories
So keep tryin
keep tryin

So keep tryin
and queens keep on fightin
Don't stop from tryin
so queens
oh queens
keep on fighting
