We took a break for a minute
And now we bangin'
But we been listenin to everything that you been sayin'
And now we comin' for everybody who hatin'
From 06 through in...
Everything is shady

And now we comin' for everybody who be hatin'
From 06 through in...

Kill the cash hard
Bout to smash frauds
Puttin' fast broads

Through the Rampart
I can handle narcs
When the candle sparks
You hit the ground
And I snatch the bandanamark
We ridin' out the park
It's shady game nigga
Hope ya bulletproof
Fat fuck lame nigga
Know who I'm talkin' to
Glad ya man did
You bout to get it too
Rest with your fam man
This a cold game
Played by the coldest man
Everything ya see
It's not, the seven fo' k
The son of cocaine
New for my dope, man
Plus I'm holdin' weight
Cause I'm the dopeman
A west coast gangsta
Chi-town gold
Interstate runner
Watch me drive a brick through
And we ain't backin' down
Way past rappin' now
Right before my album drop
My homeboys'll clap you down

[Somebody who sounds like he's holding his nose]
We took a break for a minute

A born winner
Similar, to me familiar
County hound comin' to burn your whole city up
I catch you up in the club
Empty the 5th on ya
You all know it's pussy
By Vivica
I'm the realest nigga
Ya wanna mob with me
If you a dealer nigga
You can get blocks from me
I hand rocks and jeans
Socks and cream
Glocks and things
To mark seven
Throw 6
Got with the team
Now I'm on the scene
Streets and outwit the team

Bein' a celebrity bring me more bitches
In a position to watch by more stitches
And place at the end of the plots
I hold niggas
Figures
Urban greases, peace is not
Last week to a point a police was shot
And if niggas wanna know what I been bout lately
Nigga take it how ya want it bitch
Rap with Shady
