

# Nowhere Fast

Eminem

Ashes blowing in the air  
The world's on fire, but we don't care, yeah  
Wasted youth, always on the road  
Never lookin' back and we're never getting old  
'Cause the skies are black  
But our heart's made of gold  
Fuck doin' what you're told  
We're goin' nowhere fast

I feel sorry for this beat, sympathy pains for this track  
This road is takin' me back  
Down memory lane with this rap  
I can still look out in this crowd, be wowed and be taken aback  
I'm simply stating a fact  
I had Wembley Stadium packed  
But now we're on a path headed to nowhere and fast  
Another terrorist attacks  
Like a tariff, blows half of Madison Square up, alas  
We perish in the blast  
But that isn't scaring us, we pass  
Nowhere we're fearless, 'cause we're just—

Ashes blowing in the air  
Our world's on fire, but we don't care, yeah  
(We don't give a... no, no)  
Wasted youth, always on the road  
Never lookin' back and we're never getting old  
'Cause the skies are black  
But our heart's made of gold (golden)  
Fuck doin' what you're told (what we're told)  
We're goin' nowhere fast

'Cause we're goin' no, goin' no  
Goin' no, goin' no  
Goin no, goin' nowhere  
We're on the run of our lives  
Goin' nowhere fast

Fuck doin' what you're told, act like a two-year old  
Shit is soon to go kaboom and blow  
Anyways; for MC's it's a funeral  
When I'm devisin' this rhyme  
'Cause I'm awake and you're mourning  
That's why I rise and I shine  
Like a new day has dawned on me  
Gusto, guts, bravado  
Nuts and plus I kick up dust and cuss a lot  
I musta got you in somewhat of a debacle  
'Cause some stuff that's awful  
Really don't mean nothin' although  
There's a lot of shit I said in jest that's tough to swallow  
But if at times my heart it seems  
Like it's in the wrong place, it's probably 'cause it's on my sleeve  
Keanu Reeves speed of life, avoid or veer  
Or just steer toward it, we're only lookin' forward  
But where we're goin', we have no idea  
Nowhere to go, but hysterical, it's gettin' warm in here

I set the world on fire, was born to be an arsonist  
Just one spark and it's lit  
But I'ma still get dark on this shit  
Told you I'd leave my mark on this bitch-war machine  
But you forced me in a corner  
I'm sure to have somethin' for your rear  
And in the course of the assault as torture gets more severe  
Go to war with me, you'll end up blew to Timbuktu  
I send at you a ten-ton nuke like Kim Jong-Un  
And end up ruinin' your career  
But when all is said and done  
And at the end of my run I'll just rewind clocks, forever young  
Make time stop, will I ever fall off? That day will never come  
'Til the pine box, bitch, fuck you! I'm better than I ever was  
'Til the bomb drops, hope it never does  
But I'm not gonna sweat it 'cause  
This world's screwed, it's already fucked  
And I'm on top, so everyone's just—

Ashes blowing in the air (so we're...)  
Our world's on fire, but we don't care, yeah  
(We don't give a... no, no)  
Wasted youth, always on the road  
Never lookin' back and we're never getting old  
'Cause the skies are black  
But our heart's made of gold (golden)  
Fuck doin' what you're told (what we're told)  
We're goin' nowhere fast

'Cause we're goin' no, goin' no  
Goin' no, goin' no  
Goin' no, goin' nowhere  
We're on the run of our lives  
Goin' nowhere fast

You can't tell us nothin'  
Hard-headed and we're stubborn  
So, one ear and out the other when we're young, we're young  
(We're on the run of our lives)  
Who knows what the future for us could hold  
Another shooter? Uh oh  
(We're on the run of our lives)  
No more tomorrows, we're done  
And all we are is—

Ashes blowing in the air (so we're...)  
Our world's on fire, but we don't care (don't care, yeah)  
(We don't give a... no, no)  
Wasted youth, always on the road  
Never lookin' back and we're never getting old  
'Cause the skies are black  
But our heart's made of gold (golden)  
Fuck doin' what you're told (what we're told)  
We're goin' nowhere fast

'Cause we're goin' no, goin' no  
Goin' no, goin' no  
Goin' no, goin' nowhere  
We're on the run of our lives  
Goin' nowhere fast
