

## Tragic Endings

Eminem

I'm stumbling, I can't see straight  
And it's my fault I got this way  
I got my hands on something great  
And found a way to mess it all up  
I did my best, I tried to change  
But it's just in my DNA  
I got my hands on something great  
And found a way to fuck it up again  
Now I'm the one thing  
You couldn't hate more  
But you're the one thing  
That I would die for

All my life, I was told  
I was never nothing special  
I don't need to be reminded of it  
Every other second  
'Specially when all my self-esteem's  
Already shot the hell up  
Falling helplessly, I'm embarrassed  
And I don't want no one else to see  
'Cause I feel like I'm a piece of shit  
Every time she yells at me  
Selfishly indeed  
But definitely doesn't help that she  
Makes me feel like I've died and gone to heaven  
But makes life a living hell for me  
She does that thing with her lip  
Now she's melting me  
I'm putty in her palms  
I'm wrapped around her finger  
A yo-yo on a string  
She lets me sit there and just dangle  
Until something better comes along  
And she'll just drop me like a hot potato  
I look like I'm in pain  
But I'm okay, though  
'Cause I know she loves me  
My friends, what do they know?

It's like I'm drowning at sea  
Hoping that you reach for me  
I know you're there but I can't see  
'Cause I'm so drunk off tragic endings  
I'm dying to breathe  
And all you do is strangle me  
Such a beautiful relief  
'Cause I'm so drunk off tragic endings  
Drunk off tragic endings

In my moments of weakness  
I openly admit this shit, I wouldn't normally  
I'm extremely self-conscious  
And enormously  
Insecure and she uses it to torture  
When she torments me  
It only turns to ammunition for her

In this war  
When she gets going, she don't stop  
When I'm up, she's like a downer  
When I found her  
It was love at first encounter  
Plus, somehow, she must've took the carton  
Of eggs off the counter  
Cracked them and placed all the shells on the ground  
For me to walk on when I'm around her  
But there's just something 'bout her  
That makes me not able to function without her  
How can I get out of it  
When I don't know how to?  
I'm a doubter, I'm a pessimist  
Make a believer out of me  
And show me the way now  
Or stay the fuck out of my cloud of rain  
'Cause I'm going straight down the drain  
I'm drowning

It's like I'm drowning at sea  
Hoping that you reach for me  
I know you're there but I can't see  
'Cause I'm so drunk off tragic endings  
I'm dying to breathe  
And all you do is strangle me  
Such a beautiful relief  
'Cause I'm so drunk off tragic endings  
Drunk off tragic endings

Now I'm the one thing  
You couldn't hate more  
But you're the one thing  
That I would die for

It took a while for me to get it  
But I think I've figured it out  
She don't want me, she just don't wanna  
See me with someone else  
The idea of seeing me happy  
Destroys her in itself  
To see me falling to pieces  
Brings her joy, brings her hell  
But it annoys her to see me  
Get this straight, then say "screw her"  
I threw up on myself, I'm dumb sick  
I'm addicted to her  
She's tryna block the door  
So here's how I do her  
Since I'm manure, she's a sewer  
This time, this piece of shit's running through her  
I can see that right now, I'm running to it  
What the fuck? Should've knew it  
Who would think she'd actually have the balls to do it?  
As soon as I hopped in it, she gassed the car with lighter fluid  
She's standing there with a rag, 'bout to put the lighter to it  
Lit the fucking thing on fire, then she threw it

It's like I'm drowning at sea  
Hoping that you reach for me  
I know you're there but I can't see  
'Cause I'm so drunk off tragic endings  
I'm dying to breathe

And all you do is strangle me  
Such a beautiful relief  
'Cause I'm so drunk off tragic endings  
Drunk off tragic endings
