Eminem

[Eminem]

Haha, Swifty McVay!  
Mr. Porter, the Kon Artis (ha!)  
I told you we wasn't leavin, c'mon!

[Swifty McVay]

I come from a jungle, with a trunk load of punk hoes (nigga)  
Muzzle this animal, fuck with mechanical  
Gun totin hazardous cutthroat, cantaloupe can split it  
And the Pope couldn't prevent me from shittin on niggaz  
Fitted caps get blew back like bad wind, imagine backspinnin'  
into a casket, it happens when bastards try to act masculine (hoe)  
A hell raiser, I smack the skin off your man's face  
so fast it'll leave acne on my hand when it land (hah!)  
Placed in a class where professors came to school with Smith 'n Wessons  
just to teach us a lesson, had that ass hangin' up with the flag (yeah)  
Parental discretion, I'll send you a video  
with me naked havin a session on my urinal (RESPECT IT! HAH!)  
When you kill in the nighttime and claimin' yo' innocence  
I'll be waitin' ready to A.K. you and yo' egg Bene-dick {AHH!}  
Usin' yo' balls to play tennis with (hah)  
You'll be in some shit like flies and fuck the witnesses

[Chorus:Repeat x2:Swifty McVay]

(MOTHERFUCK!) Niggaz that doubt and thought we wasn't killin' shit  
(WHAT!) Whatever you want, we providin' it diligently  
(PUMP!) Double barrel wherever we go willingly  
(DUMPIN!) On opposition in the streets or industry

[Kon Artis a.k.a. Mr. Porter]

You was born I was hatched, but you came out deformed  
I have nuts of a horse, and you ain't got no balls  
Come runnin' with tec-9's whenever niggaz would call  
Bang-bang-bang, bang-bang, shoot up classway halls  
I don't give a fuck, who you call to come  
You came with thirty niggaz, I only came with one  
That just goes to show you how much scrap a nigga got in me  
You gone off Henny, that liquid courage drivin you into these  
Situations you in, don't get that "Purple Pills" shit confused  
With us bein cool up here singin "My Band"  
I'm sure you see these little kids cryin over me man  
They'll do anything for a fuckin autograph  
So say that shit loud enough out of the fuckin crowd and  
I'll show you the meanin' of die-hard fans  
Saddam Hussein who sews, who radical act  
A mechanical bomb attached to my pelvis  
That's what I mean by get, back; I mean get, back  
Or find your head detached from that Mitchell and Ness  
So find your spinal cord, uh-uh-oh I digress  
I guess I'm just too fresh, to finish that line  
Denaun's ain't next

[Chorus:Repeat x2]
