

All We Need Is Long Vehicle

Emir Kusturica The no smoking orchestra

It s time to travel
It s time to go
It s time for packing little darling
We gonna find another world

Oh cant you see
You belong to me
Its time to travel
It s time to go
All we need is long vehicle

Its time for boarding
So hit the road
Take your tooth brush little darling
Take your language and your hope

Oh cant you see
We have no time for cup of tea

Its time to travel
Its time to go
All we need is long vehicle
