

Life Is A Miracle

Emir Kusturica The no smoking orchestra

Life! It's a candy
With a red hot chilli pepper
Filling inside

Life? Are you ready?
You'll be a butterfly in the ultimate fight

Life treats you gently like
Virgin Mary
But then strikes back
Like Chriss Eubank

Life!
It is full of surprise
Crossroad to Hell
or Paradise?

But little did I know
Mr. Preacher man
What real life could do
And shit could hit the fan
Life is beyond Peace and War
Justice and Crime
I remember that time

When Life was a miracle
As if Zidane played for Liverpool

Life is a business
Risky and confused
God gave you a deal
That you cannot refuse

Life is Terrorism
Globalism, Optimism
Give peace a chance
Give war romance

When Life was a miracle
And pigs might fly that was credible

But little did I know
Mr. Preacher man
What real life could do
And shit could hit the fan
Life is beyond Peace and War
Justice and Crime
Do you remember that time

When Life was a miracle
