

## Was Romeo Really A Jerk

Emir Kusturica The no smoking orchestra

No greater love Romeo and Juliet  
But Shakespeare died and years passed by  
Juliet knows everything about Romeo  
Except why he tells her no at night

You know that beggars should not be choosers  
Romeo's job has no social term  
Jerking off is made for the losers  
Instead of wit he sells his sperm

And every day just a same  
Romeo's shame in black suitcase  
and every day...

Romeo is a poor refugee  
he's just another one to bite the dust  
Juliet measures time by diamonds on her watch  
They come together by the force of lust

And every day just a same  
Romeo's shame in black suitcase  
And every day...

I'am not Romeo  
Maybe you are Juliet  
but I 'm not Romeo

Why do you wake up in sweat dear Romeo  
Why does your face turn away from me  
What is the pain that you are going through  
What is the secret that I cannot see

Oh I was dreaming I jumped by parachute  
And I went down down since my birth  
But at the moment I was ready for landing  
Oh my God I missed planet Earth

And every day just a same  
Romeo's shame in black suitcase  
and every day...

I'am not Romeo  
Maybe you are Juliet but  
I'am not Romeo
