

Who Killed The D.J.

Emir Kusturica The no smoking orchestra

Hallo my tv hallo my baby
Hallo my brand new world
This is my coffie this is my CV
I wanna be a part of you

Your face is nice
With human rights
And movie stars in tears
But the only brand
I cannot stand is the music
That I hear

Hey mister D.J.
Stop this music play
Stop this earthquacke
Giva us comertial brake

I respect
It's a fact
Digital sex
And virtual dance
Ground troops
Fast food
Smart bombs by
Remote control
BEC and fashion tv
Sex and the city
Very witty
But I will stop in my own way
Stop this music play

Bang bang o yeah
Who killed D.J.
Who is on the run
With machinegun

I have dot com children
And dot com wife
Living my dot com life
But will I trust in braking news
When I'am sixty five

I have no doubts and no request
I have no pain no fear
But the only brand
I canot stand
Is the music that I hear

Hey mister D.J.
Stop this music play
Stop this earthquacke
Giva us comertial brake

Bang bang o yeah
Who killed D.J.
Who is on the run
With machinegun
