

# Better Be Careful

Emma Bunton

I was going crazy  
Seeing you around  
And baby you're asking  
Are we getting down

Cos I see you looking over at me  
And I know you really like what you see, yeah yeah yeah

You better be careful  
You better beware  
Cos I'm on the lookout baby  
And I will be there

Something in your eyes, yeah yeah  
Something in your eyes  
Something in your eyes, yeah yeah  
Something in your eyes

Suddenly I realized  
I didn't know your name  
But honey when I look at you  
I wanna play a game, yeah yeah

Cos I see you looking over at me  
And I know you really like what you see, yeah yeah yeah

You better be careful  
You better beware  
Cos I'm on the lookout baby  
And I will be there

You better be careful (you better be careful)  
You better beware (you better beware)  
Cos I'm on the lookout baby (yeah)  
And I will be there

Something in your eyes, yeah yeah  
Something in your eyes  
Something in your eyes, yeah yeah  
Something in your eyes

Now that we have started  
Things we didn't plan  
If you wanna play now  
Catch me if you can

Cos I see you looking over at me  
And I know you really like what you see, yeah yeah yeah  
(Yeah yeah yeah)

You better be careful (you better be careful)  
You better beware (you better beware)  
Cos I'm on the lookout baby (yeah)  
And I will be there (I'll, I'll be there)

You better be careful (you better be careful)  
You better beware (you better beware)

Cos I'm on the lookout baby (yeah)  
And I will be there (I'll, I'll be there)  
Yeah yeah yeah

You better be careful (you better be careful)  
You better beware (yeah yeah yeah)  
Cos I'm on the lookout baby  
And I will be there (I'll, I'll be there)  
Yeah yeah yeah
