## I'm Not Crying Over Yesterdays

## **Emma Bunton**

I know you far too well Story's the same I've heard it all before How we all gonna change

You try to talk me round No not this time I've finally seen the light This is my goodbye

Oh I'm not crying over yesterdays Not when there's tomorrows I'm not wasting time on used-to-bes Not if it means sorrow I won't shed a tear on should-of-beens, would-of-beens, could-ofbeens

No no no, no no no

My suitcase in my hand Half out the door Why can't you be a man Get up off the floor

No you won't change my mind Don't think you can The taxi's right outside I'm getting in

Oh I'm not crying over yesterdays Not when there's tomorrows I'm not wasting time on used-to-bes Not if it means sorrow I won't shed a tear on should-of-beens, would-of-beens, could-ofbeens

No no no, no no no, Oh no no no, no no no

Oh I'm not crying over yesterdays Not when there's tomorrows I'm not wasting time on used-to-bes Not if it means sorrow I won't shed a tear on should-of-beens, would-of-beens, could-ofbeens

No no no, no no no, Oh no no no, Oh-oh-oh-ooo
