

Discovering Yourself

Emma Shapplin

Sitting in your room
Clean cut and plain
Looking so truthful
Feeling no pain
Temperature's rising
In your freeze frame
Temperature's melting...
Your golden chains

Dancin' like a chinese clown
Won't do much longer; no, no...
Look at you now, coming down
With your gun - O - O - O

Mommy cries, Daddy lies
Everyday they die
Everybody's in shock
Losing control
Daddy cries, Mommy lies
What does it feel like
Discovering you're stuck here ?

Deciding good
Deciding bad
Acting so proud
And looking so sad
Waiting in your bed
Watching the door
Waiting in your bed
Ready to fall

Keeping yourself from the crowd
Won't do much longer; no, no...
Look out now who's coming down
With a gun; O - O - O...

Mommy cries, Daddy lies
Which way paradise ?
Everybody's in shock
Don't lose control
Daddy cries, Mommy lies
What does it feel like
Discovering yourself ?

No love / no tear - No life / no fear
No love / no tear - No pain / no fear
