

It's becoming quite clear.
I dug myself a little deeper it seems and there's no way out.
What must I do just to get you off my fucking back?
Leave me alone.
I'm only human.
I never said I was perfect.
I'm saying sorry but it seems you only care for my faults.
So I'm taking it back.
Now I don't give a fuck.

You two-faced fucking coward
Why don't you say it to my face?

I bet you won't.
Yeah you're just lucky that I'm someone with so much to lose.
I bet you won't.
Now I know better than to talk to someone who's so weak and so spineless.
Remember, without me your life doesn't mean shit.

You fucking coward.
I know you hate yourself.
I know you hate yourself.

(One punch to this guy, would knock him the fuck out)

Bring it.
Gimme your best shot. Gimme your best shot. Gimme your best shot.
Bring it.
Gimme your best shot. Gimme your best shot. Gimme your best shot.

I know you hate yourself.
I know you hate yourself.
