

It's Not Just A Party, It's A Funeral

Emmure

They will find my corpse on the shower floor.
And with my bleeding wrists will be a note that explains all of
this.

"Dear friends and family, I hope that you can understand."

I could not handle the fear and regret, knowing I ruined my only
chance.

A lesson in carelessness. Let my grave stand as proof.

You've only got one chance, so take advantage.

I will burn in hell for my selfishness. I will burn in hell.

But you'll see me reach for angel wings.

You've only got one chance, so take advantage.

I know the backlash. Call me a coward all you want.

I know the truth is that I am free.

I am free!
