Get it through your fucking head!  
All your friends are fucking dead.  
Yeah they got what they deserved!  
Stop acting hard you know it hurts.  
Your loved ones living in the dirt.  
Holy fucking shit.  
I'm having too much fun.  
Killing everyone.  
That you've ever loved.  
All your  
Friends are fucking dead.  
Yeah they got what they deserved.  
Stop acting hard you know it hurts.  
Your loved ones living in the dirt.
