

Social Halo

Emmy the Great

Oh no, everything's moving so close
I'm starting to lose my social halo
I see you, sometimes when I'm in Soho
Starting to lose my social halo

And I like you, I like you when you're so cold
The opposite of volcano, volcano!
In the solar heat, today when I was in Soho
You held me and then you let go, you let go
I'm starting to lose my social... My social halo

Oh no, I see you and I say hello
You and your friends, you come close, real close
I think that you might be... Laughing at me

[2x]

And I like you, I like you when you're so cold
The opposite of volcano, volcano!
In the solar heat, today when I was in Soho
You held me and then you... You let go, you let go
And all of your friends, they... They called me loco
(I'm starting to lose my social... My social halo)
