

All the greats, all the masterworks  
On your desk, let them go a while  
And come outside, let's talk about  
Something that's real, like  
Please don't get over me  
Cuz I've heard that you met someone  
What's her name? What's she like to love?  
And I guess that this is coming late in the day  
But please don't get over me

F. Scott Fitzgerald, Tennessee Williams  
Come on, let's talk about something different  
Tell me you're sorry, I'll say I'm sorry too  
Becuz I can't get over you  
Tadada-tadada-dada-dada  
Tadada-tadada-dada-dada  
I can't get over...

Tennessee Williams, Somerset Maugham  
I don't care about all that  
Classical records, diamonds so cheap  
I don't care about all that  
Just tell me you're sorry  
I'll say I'm sorry too cuz you're destined  
I didn't come to you, now I can't get over

All the greats on your reading list  
Kept you safe through the hours I've missed  
Are they enough for you now that  
I've set you free? Please don't get over me  
Please don't get over me
