

Heart to Heart

Emmylou Harris

Heart to heart, we'll hold together
Hand in hand, we'll find a way
Oh, the storms of life may blind us
But with the loving vows that bind us

Heart to heart, hand in hand we'll stay, side by side forever and always
Day by day, till our lives are done
This sweet love is ours to treasure far beyond all time and measure
Side by side, day by day as one

The years cannot take
What's between you and me
We'll stand here together
For the whole world to see

Heart to heart, there'll be no other
Hand in hand for our love is true
Oh, the words that we have spoken
Will be a promise never broken

Heart to heart, hand in hand, side by side forever and always
Day by day, till our lives are done
This sweet love is ours to treasure far beyond all time and measure
Side by side, day by day as one
