

## Six White Cadillacs

Emmylou Harris

Workin' hard all my life  
Always tried to get it right  
Every day and every night  
Hey hey hey carry me home

Singin' in a honky tonk  
People dancin' getting drunk  
Never knowin' what I want  
Hey hey hey carry me home

I just want a little  
Give me just a little  
Just a little peace of mind  
Can't somebody tell me

Please somebody tell me  
Hoe long does this road unwind

Six white Cadillacs  
Crossin' on the railroad track  
Angels in the front and back  
Hy hey hey carry me home

Way over yonder  
We won't have to wander anymore
