

Six White Cadillacs

Emmylou Harris

Workin' hard all my life
Always tried to get it right
Every day and every night
Hey hey hey carry me home

Singin' in a honky tonk
People dancin' getting drunk
Never knowin' what I want
Hey hey hey carry me home

I just want a little
Give me just a little
Just a little peace of mind
Can't somebody tell me

Please somebody tell me
Hoe long does this road unwind

Six white Cadillacs
Crossin' on the railroad track
Angels in the front and back
Hy hey hey carry me home

Way over yonder
We won't have to wander anymore
