

## Someday My Ship Will Sail

Emmylou Harris

Life is just a passing moment  
On an never ending trail  
Though my pathway wanders for a heart  
Someday my ship will sail

But I will walk this road awhile  
And I will walk it with a smile  
I will take it in my stride  
Someday, I'll be satisfied

There's eternity before me  
Just beyond the darkening veil  
Oh my spirit hollers to go on  
Someday my ship will sail

But I will walk this road awhile  
And I will walk it with a smile  
I will take it in my stride  
Someday, I'll be satisfied  
Someday, I'll be satisfied
