

# Thing About You

Emmylou Harris

I'm not much on mystery, yeah  
You gotta be careful what you dream  
I thought I was satisfied  
I thought love would pass in time

Honey, let me tell you  
I got a thing about you  
Baby, let me tell you  
I got a thing about you

Don't matter what you say  
Don't matter what you do  
I, I, I got a thing about you  
I, I, I got a thing about you

Somewhere deep in the middle of the night  
Lovers hold each other tight  
Whispers in their anxious ears  
Words of love that disappear

Honey, let me tell you  
I got a thing about you  
Baby, let me tell you  
I got a thing about you

Don't matter what you say  
Don't matter what you do  
I, I, I got a thing about you  
I, I, I got a thing about you

Baby, you hold some strange control over me  
It's so wild, it's hypnotizing me

Honey, let me tell you  
I got a thing about you  
Baby, let me tell you  
I got a thing about you

Don't matter what you say  
Don't matter what you do  
I, I, I got a thing about you  
I, I, I got a thing about you

Thing about you  
Got a thing about you  
Oh, yeah, oh, yeah

Said, oh baby, I got a thing about you  
Oh baby, I got a thing about you  
Said, oh baby, I got a thing about you  
Oh baby, I got a thing about you

Said, oh baby, I got a thing about you  
Oh baby, I got a thing about you  
Oh baby, I got a thing about you  
Oh baby, I got a thing about you
