

## The Source of Icon E

Emperor

The land was created  
In the name of the chosen  
And the waves thrown  
For men to see  
The one who made men  
To be  
Prevailed from the source  
Of Icon E

The waves of fury  
Prevailed from the source  
Of Icon E  
Were mine to be  
Ordered to destroy and bury  
No remorse!

The destiny of the wave  
Was not to be found  
Nor was I travelling  
The deadly sea alone  
The sun never rose  
And my rose  
Was not to be

For what purpose  
I gave my return  
Is stil standing alone  
And as the raven dropped  
A feather on me  
I was again to be  
The chosen one...
