

Another Life

Emphatic

I put my fist through the wall again
I never thought I would be like this
Cuz you fill me up with emptiness
and you only drag me down
I don't believe a word you say
Nothing's real, it's just a fake
I think it's time to break away

So maybe in another life
we'll get it right
we're running out of patience
Left for dead
there's nothing inside now
we're all out of patience

Every promise that you made
they always bend
they always break
There's always something that's standing in the way

How could you rip my heart out
How could you let me fall down
How could you take every breath and tried to break

So maybe in another life
we'll get it right
we're running out of patience
Left for dead
there's nothing inside now
we're all out of patience

Maybe in another life
Maybe in another life
Maybe in another life we'll get this right

Taking back what's mine
I never surrender
Taking back my life
you can keep what's left of you this time

You never get it right
You never did it right
You never get it right

So maybe in another life
we'll get it right
we're running out of patience
Left for dead
there's nothing inside now
we're all out of patience

Maybe in another life
Maybe in another life
Maybe in another life we'll get this right

You never get it right
You never did it right

You never get it right

You never get it right

You never did it right

You never get it right
