

## Beg

## Emphatic

Beg me, I want you to beg me  
I want you to beg me  
Yeah, beg me  
I want you to beg

I wanna hear it from your wicked mouth  
Come on, baby, spit, spit it out  
Whisper from your lips, roll it off your tongue  
Say it with your hips, I want some dirty fun

Maybe you get it, maybe you don't  
You gotta ask for it or you won't

Every time you beg, I love it when you want me  
Love it when you need me  
Right between your legs, tell me that you need it  
Say it like you mean it, beg, yeah, beg, beg

Anticipation, I can make you wait  
One more time, let me hear you say  
I wanna feel it, wanna feel it deep  
I need what you're givin', give it to me

Every time you beg, I love it when you want me  
Love it when you need me  
Right between your legs, tell me that you need it  
Say it like you mean it, beg

Give it to me now

I wanna hear you beg  
I wanna hear it

Every time you beg, I love it when you want me  
Love it when you need me  
Right between your legs, tell me that you need it  
Say it like you mean it

Every time you beg, I love it when you want me  
Love it when you need me  
Right between your legs, tell me that you need it  
Say it like you mean it

Beg, beg
