Celebrate

Empire of the Sun

Follow the simplest fact Girl you cheated through the breakin way Fall through the love like I never loved Soberer than I've ever been

Call me, hard to emerge yea Sittin on the fire and waitin All the things I have changed and I'm afraid you Crossed an inch away

We celebrate, we celebrate We celebrate We celebrate, we celebrate We celebrate

Sorry, it touches a bad news What you wanted? I say come on and go Louder, lookin at all the fires I say anyway the inch took off

Sorry, the angels had split sure Of the verge and washed away To fly is only one, all I ever said In a simple way

We celebrate, we celebrate our love We celebrate our love We celebrate, we celebrate our love We celebrate our love

We celebrate, we celebrate our love We celebrate our love We celebrate, we celebrate our love We celebrate our love

'Cause for real it looks like you're in the dark Bount to be upon a star Imagine how you'd feel Here's we're feeling lost

We celebrate, we celebrate our love We celebrate our love We celebrate, we celebrate our love We celebrate our love

We celebrate, we celebrate our love We celebrate our love We celebrate, we celebrate our love We celebrate our love
