

# DNA

## Empire of the Sun

Oh, in the meadow where we'd lie  
Back in spring of '79  
There were no rules to feel sublime  
Let's trek down the path

We just slept to the radio  
Gentle as my heart beats now  
Turn up the fuse all over again, my friend

Just to take me away

Be my, be my DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place  
Let's keep each other awake  
Our hearts, now they beat the same

There is a thread that runs along  
The seam of all the paths we've crossed  
A colour wheel that spins around  
Weaved all into one  
The price of getting setting suns  
We're running to the beat of the drum  
We are the creatures raised in luxe, in luxe

Just to take me away

Be my, be my DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place  
Let's keep each other awake  
Our hearts, now they beat the same

Take me away  
So far away  
No one will find us  
On our own island  
Just out of choice  
The dreamer fought the battleship away  
It's over the horizon

Voices inside of us are guiding us on  
Guiding us on

Can't you hear us calling you?  
Can't you hear us calling you?  
Can't you hear us calling you?

Be my, be my DNA  
Don't wanna fade away  
Rewind, there's no yesterday  
It's our discovery  
Dreamtime, it's a special place

Let's keep each other awake  
Our hearts, now they beat the same
