Empire of the Sun

Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)

Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)

If I so go say a goodbye
I don't know what I'd do, no, no
If I'm gonna make you break and cry
I don't wanna know how bad it gets

Don't go falling away, you gotta make that break
Don't you turn into waste, we got a plain
You have me

Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)

If I steal a look into your eyes
Think I just should through, oh oh
If we lost the taste of solid love
I don't want to show my face again

Don't go falling away, you gotta make that break
Don't you turn into waste, we got a plain
You have me

Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)

Feel want through nothing
Hands fear cause or another
Hear your true matter time oh, oh, oh

Together we can
Together we can (Together we can do it)
(Together we can do it)
(Together we can do it)
Together we can

Feel want through nothing
[Together we can (Together we can do it)]
Hands fear cause or another
[Together we can (Together we can do it)]
Hear your true matter time oh, oh, oh
[Together we can (Together we can do it)]

Feel want through nothing
[Together we can (Together we can do it)]

Hands fear cause or another
[Together we can (Together we can do it)]
Hear your true matter time oh, oh, oh
[Together we can (Together we can do it)]

Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
Together we can (Together we can do it)
