

Lost In The Past

Empty Tremor

Lost in the past
Don' t look for the rest
I'm feeling the time I spent
Sailing rivers with no banks
Don't know which play
Is the best way to explain my heart
Best way to explain my heart
That's why I'm still here reminding past

I'm sure you won't forget
Won' t forget
All the things we've learnt
With our mistakes

Hear your memories
Flowing through your heart
Knowing it won't last forever

Hear your memories
Flowing through your heart
But stop to think that
It won't last forever
And I won't forget
Won' t forget
All the things we've learnt
With our mistakes

Lost in the past
Don' t look for the rest
I'm feeling the times I spent
Sailing rivers with no banks
Don't know which play
Is the best way to explain my heart
