

Hey you, freakish girl
Do you wanna play
My stupid game
You belong to me
I belong to the night
Be my Star
Be my Light

Pay attention
We'll be one before the sun comes out
(Just close your eyes)
Plastic passions
Even if it's not enough
I'll give my best shot for
You

Hey you, extasy girl
Do you wanna Dive
Into my dirty world
You belong to me
I belong to the night
Be my star
Be my Light
