

## My Empress

Empyr

Contagious tears flow in my veins  
Sometimes my bones pierce my skin cuz  
She is the one that I must please  
Fill me with her memories  
Fill me with her poetry

My empress  
Ready to rebuild

I engraved her face in my sky  
Draw her eyes on my retina  
Trust me it's too hard to say it  
Find the words and sing it  
She's heaven in hell  
She's everything

My empress
