

Desire

En Vogue

Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, oom baby
Hey you baby

A feeling I can't control
Is haunting me when you're not home
A feeling roams deep inside
There really is no place to hide

(Desire)

Everywhere I go I have thoughts of you
Little fantasies of being with you
Having no control when having desires
Like having no more water to put out the fire
Every little minute grows my addiction
Each and every hour I fight the power
On and on the feeling never gives in
Don't never try to fight it, you never win

Desiiiiiiire
Hey you baby
Desiiiiiiire
Hey you baby

Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, oom baby
Hey you baby

Desiiiiiiire
Hey you baby

Desire, ooh like fire
Come on baby light my fire
Ooh oh desire
Desire, ooh like fire
Come on baby light my fire
Desire, ooh like fire
