

## Hold On

En Vogue

When I had you  
I treated you bad  
Wrong my dear  
But since, since you went away  
Don't you know I sit around  
With my head hanging down  
And I wonder who's loving you

Ooh, my first mistake was  
I wanted too much time  
I had to have him morning, noon, and night  
If I would of known then  
The things that I know now  
I might not have lost the time I complain about

Don't waste your time  
Fighting blind minded thoughts of despair  
Hold on to your love  
You gotta hold on  
Hold on to your love  
Ooh, ooh, baby hold on  
Hold on to your love  
You gotta hold on  
Hold on to your love

The art of playing games now  
Is not the hearts you break  
It's bound to good love you make  
When it's heart's on fire  
Give him love evryday  
Remember he needs space  
Be patient and he'll give his heart to you

Trust and honesty too  
Must be the golden rule  
You'll feel the strength of passion in your soul  
Burn so deeply within  
Ooh, the magic that you share  
So sacrifice and show how much you care

Keep the ties  
Hang on tight  
And don't let go  
No, no, no, no  
If you need him  
Just keep on  
Just keep on hanging on  
Little trust, honesty, golden rules  
Feel the strength of passion in your soul  
It's burning so deep  
Have faith  
Just keep the fire burning at home  
Hey yea  
He'll come home to you  
He'll be there for you  
He'll want to have you
