

I Love You More

En Vogue

I love you I love you I love you
I love you I love you I love you
I love you I love you I love you
I love you I love you I love you

I love you more than there are ocean grains of sand
I love you more than there are voices in the wind
I love you so I can't let go
I love you so I want the whole wide world to know

It's not unusual to feel this way
Sometimes I feel a bit insane
I will confess I deserve nothing less than
What you've given me so far

I feel a high when I am by your side
My life's so bright like summer skies
I dreamed so long to have someone like you
And now you're here with me
And it feels so good

I love you more than there are ocean grains of sand
It must be love if I feel this way
I love you more than there are voices in the wind
Only love makes me do these things
I love you so I can't let go
Now that I have you
I love you so I want the whole wide world to know

I always thought you were my soulmate
And extension of my heart
The angels say it's a spiritual thing
We will never be apart

That's why I'm high when I am by your side
My life's so bright like summer skies
I dreamed so long to have someone like you babe
And now you're here with me
And it feels so good ooh

I love you more than all the ocean grains of sand
I love you more than all the voices in the wind
I love you so yeah
Never let you go
I love you so I want the world to know

I love you more than all the ocean grains of sand
I love you more than all the voices in the wind
I love you so
Never let you go
I love you so I want the world to know

I love you more than all the ocean grains of sand
I love you more than all the voices I hear in the wind
I love you so
Never letting go
I love you so I want the world to know

Ooh boy I love you so
24/7 it won't get old
Ooh boy I love you so
24/7 it won't get old
Ooh boy I love you so
24/7 it won't get old
Ooh boy I love you so
24/7 it won't get old
