

# Love Don't Love You

En Vogue

Love don't love you, love don't care  
Love don't love you, love don't care

You said you'd always be there  
You said you'd always care  
You always comfort me  
You used to share things with me  
You used to have time for me  
Now it all seemed to end  
I can't control my fears  
Neither hold back tears  
Knowing that something's wrong, yeah  
The more that I fight with you  
The more I realize  
It takes more than love  
To satisfy my life

Love don't love you, love don't care (it's got to be you, baby)  
Love don't love you, love don't care (not love, baby)

I thought I never would see  
The day that you and me  
Could not communicate  
It came to my surprise  
The only reason why  
We misused the four-letter words  
I should have known the signs  
Instead I was blind  
Ignoring what people would say  
When will I ever learn  
Can't blame it all on one word  
Some words can seem more brutal than kind

Love don't love you, love don't care (love don't love you)  
Love don't love you, love don't care (got to be you)  
Love don't love you (love don't care about you, no way, no way, no way)  
Love don't care No way

You see it takes a fool to learn  
That love don't love nobody (got to be you)  
But I've learned  
That love don't love me  
And it sure can't love you (can only be you, oh)  
So what are you gonna do  
Don't just say you love me (baby)  
You got to show me (show me that you care)  
So where do we go from here  
You tell me  
You got to show me that you love me  
show me that you care  
I need to know that you will always be there  
I'm gonna be there for you  
Love don't love no one  
And it sure don't care  
Love don't love nobody  
You should take my advice  
Show me that you love me

Show me that you care, baby  
Love don't love you, love don't care  
Love don't love you, love don't care
