

# Number One Man

En Vogue

Number one man  
Well, five long years and then there it go  
He met his friends, and took that bonding road  
Never knew where the road would end up, no, no  
Sometimes it feels like hell to me, yea  
I gotta keep it together 'cause it's good for me

Sometimes you make me laugh  
Sometimes you can make me cry  
But I know that I love you  
Your a very good friend of mine  
Even though we may have fights  
We know it's a part of life  
Wouldn't trade it for nothin'  
Just trust in me, you'll always be  
My number one man, yea

I have no questions, so there is no answers, uh-uh  
What's to be, is meant to be, oh yes it is  
But it feels like treason, every time I reason  
Found me parting ways with you  
So tell me, what's a girl to do  
I guess I'm stuck with you, yea

The part of life remains the same  
That you made me see, just what it means to me  
To have someone that you can count on  
When things are right, and sometimes wrong  
What a small price to pay  
I bless the day you came my way

My man  
My number one man  
I said you always gonna be my man, yeah  
My number one man ohhh, yea  
Said your gonna always always gonna be my number one man
