

## Noiseless bullet

Enbound

Speeding towards me  
Noiseless, not a sound  
A raging bullet  
Comes to take me out

Eyes are spread  
My body's paralyzed  
My chest is pierced  
I am marked for all of time

I feel my veins are flooded  
Forever memorized deep in my soul

Leaving me in phases, wondering how  
Lost my pace, is this goodbye?  
All my faces figures nothing out...  
...as I'm left alone

Swirling pictures take my lungs  
Still I breathe  
To make the fight  
I stay outside my dreams

I am searching  
Hunting, high and low  
For my strength  
To carry on, and on, for more

I feel my veins are flooded  
Forever memorized deep in my soul

Leaving me in phases, wondering how  
Lost my pace, is this goodbye?  
All my faces figures nothing out...  
...as I'm left alone  
...alone...
