

Ultimate Gift

Enchant

And there you were beside me
In the middle of a crowd
It took so long to find me
While I cried to you out loud

It seemed like forever
I was so alone
I thought I'd never find home

I was stumbling in the darkness
I was living underground
Now I'm standing in the sunlight
Basking in this love I've found

It's the first breath of a baby
It's the warmth of a touch
I'm giving you my vow, I'll say it here and now
Nothing I could do, could mean as much

I savor every moment
I hang on every word
It's rapture just to touch you
The world becomes a blur

I'm a better man with you
Than I was by myself
And when I kiss you
You can tell

It's finding what you're after
It's what is meant to be
When I hear your laughter
And when you look at me

It's like living in a daydream
It's like heaven here on earth
I don't have much to give but long as I shall live
I'd give to you my heart for what it's worth

I was drowning in an ocean
A lost soul set a drift
I was wandering the desert
I was stepping off a cliff

I was hanging by a heart string
I was just about to slip
When you came to my rescue
And gave to me the ultimate gift

It's a feeling of completeness
It's a half that now is whole
Now I see forever
When you look into my soul

It's a truck I've never taken
It's like walking through the clouds
Words cannot describe just how I feel inside

Because of who you are I'm free somehow

It's finding what you're after
It's what is meant to be
When I hear your laughter
And when you look at me

It's like living in a daydream
It's like heaven here on earth
I don't have much to give but long as I shall live
I'd give to you my heart for what it's worth
For what it's worth, for what it's worth
For what it's worth

I can dance with you all night
Make love back and alive
We can walk through the rain
We can pain
