

## Believe...

End of Green

I have a dream so deep and so real  
I have a dream of you and of me  
I have sined and i have failed  
many tears of crying  
Many ways of dying  
I have to believe in  
I have to believe in

All that she said  
believe in your way  
everyday i dream of you

everyday i believe in you

I have a dream so deep and so real  
I have a dream of you and of me  
I have sined and i have failed  
many tears of crying  
Many ways of dying  
I have to believe in  
I have to believe in

All that she said  
believe in your way  
everyday i dream of you

everyday i believe in you  
everyday i believe in you

Have you ever asked me what i feel

Have you ever asked what i am

I have a dream so deep and real  
I have a dream of you and me  
Every day and every night

...

so many tears i crying  
Every day and every night

..

Have you ever asked me what i feel

Have you ever asked what i am
