```
I have a dream so deep and so real
I have a dream of you and of me
I have sined and i have failed
many tears of crying
Many ways of dying
I have to believe in
I have to believe in
All that she said
believe in your way
everyday i dream of you
everyday i believe in you
I have a dream so deep and so real
I have a dream of you and of me
I have sined and i have failed
many tears of crying
Many ways of dying
I have to believe in
I have to believe in
All that she said
believe in your way
everyday i dream of you
everyday i believe in you
everyday i believe in you
Have you ever asked me what i feel
Have you ever asked what i am
I have a dream so deep and real
I have a dream of you and me
Every day and every night
so many tears i crying
Every day and every night
Have you ever asked me what i feel
Have you ever asked what i am
