

Death In Veins

End of Green

Tell your passengers we got to leave
Tell your friends that they can take one last grief
Tell your friends this will be the last night
Ou Tell your friends this is my suicide

But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins

Tell your passengers we got to leave
Tell your friends that they can take one last grief
Tell your friends this will be the last night
Ou Tell your friends this is my suicide

But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins

Death will be here the last night
Death will be here ...
Death will be here the last night
Death will be here ...

Tell your passengers we got to leave
Tell your friends that they can take one last grief
Tell your friends this will be the last night
Ou Tell your friends this is my suicide

But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins
But tonight this is my death in veins

Death will be here the last night
Death will be here ...
Death will be here the last night
Death will be here ...

I'm ...
I'm ...
I'm ...
I'm ...
I'm ...
