

# Fallen Angel

End of Green

Where are you tonight  
Still you're gone  
Died in December  
now I'm alone

I meet you in your sweet moonlight  
I got a feeling of the otherside  
When I look into a silver sky  
And all I see is

My fallen, fallen, fallen angel cry  
My fallen, fallen, fallen angel cry  
My fallen, fallen, fallen angel cry  
My fallen, fallen, fallen angel cry
