

## Hangman's Joke

End of Green

Raving madness in my head  
god loves fun, cause i'm not dead  
i'm out of control, the devil rejects my soul  
i'm not dead, i just don't live  
days just take, they never give  
make a wish and burn  
hoping my ashes may learn  
will it ever leave me, leave me alone  
will it ever leave me  
it has taken my soul  
this night, it's been done  
this life has been gone  
see what we found and see what we've done  
the hangman won't be on his feet back again  
so burn down this house for your own liberty  
you wanna break through the home of the sin  
where do you run, the losers will win  
beating me up, tearing me down  
don't turn around
