

Mirror

End of Green

Loked the mirror
I fel loked the mirror
Loked the mirror ouu..

My obsession for a resurrection has opened my sorrowfilled heart
but my solution let me crawl deeper and I'll be walking alone in the dark

Loked the mirror
I fel loked the mirror
Loked the mirror ouu..

It's not an ordinary salvation i rejoice my life in the dark
but when the sky comes down my heart could feel colder
it's always frozen in the sun

Loked the mirror
I fel loked the mirror
Loked the mirror ouu..
