

## Breaking Bad

## End of You

Don't jump from the aeroplane  
It's not your day  
Hey, maybe you got some news for me  
I don't want you to vanish and break  
You need to pay, yeah you need to count it twice  
Come back to the ground

Too much violence in your heart  
You have turn, burn inside out  
You're here to lose, yeah you cannot stop us all  
So fuck you all  
And let it burn, burn, yeah...  
Light up the sky for me  
Reason it out for me  
Light up the sky for me  
Reason it out for me

No means never  
Let's talk about  
We look the same  
Just authorize  
Walking denial  
Within reason  
Into the wind of fire  
Into the wind that I've made

You need to give another chance to me  
You need to give another chance hey
