

I may wonder why  
I don't like the way I am supposed to feel  
- All the things I like  
How could I deny  
Who I really want to be  
- If I just could

Reason why I  
Don't know the difference between you and the rest  
- Because no one cares  
Want to lie?  
Do you want to be the only one?  
- Well, you aren't wrong

I got to say  
I need to say  
I want you to hear me, is not too late  
Don't walk away  
Show me some faith  
Just one more day and I show you the world

I may wonder why  
I don't like the way I supposed to feel  
- All the things I like  
Want to lie?  
Do you want to be the only one?  
- Well, you aren't wrong

I got to say  
I need to say  
I want you to hear me, is not too late  
Don't walk away  
Show me some faith  
Just one more day and I show you the world  
Because I will be  
The one who cares  
And I will be here just for you...

Here we are  
Step aside  
Because we lie  
We don't mind  
We hear what we want  
Will it be alright?

I got to say  
I need to say  
I want you to hear me, is not too late  
Don't walk away  
Show me some faith  
Just one more day and I show you the world
