

## Number 8

### End of You

Overdose, kind of close  
My hate starts to heal  
Nothing removes this empty whole  
Clearness what I feel  
Every second everywhere hurts  
Time is just too sharp  
No matter how I try  
I can't stop the time  
Every second everywhere hurts  
Time is just too sharp

It's all up to you  
Time will come when you'll be afraid  
and you don't know why  
It's all up to you  
Time will come when you'll be afraid  
but no, you just can't hide

I've seen it all, all the forms  
Shadow of the sun  
I'm not the man I used to be  
Shadow, what will come?  
Every second everywhere hurts  
Time is just too sharp
