

## You Deserve More

## End of You

Feed my needs  
Behind the scenes  
Everybody's watching  
Cos' I gotta be  
I gotta be all that you cannot heal  
I gotta  
Gold relieves  
I am it all  
Until it's gone  
Forsaken  
I'd kill for the thrill  
I am alive and it's time to tell you  
I feed you  
White lies, white lies  
Oh, you gotta  
Say no, say no  
When it comes down to me  
It might just save you in time  
Real lies, real lies  
Oh, you gotta  
Say no, no more  
When it comes down to this  
It might just save us in time
