

Undone

Endless Blue

And I walk through the desert alone
Threads embrace my skin, comforting my sin
What have I done?
Misguided, misunderstood. I am alone.
Love is somebody I used to know
Where have I gone?
Alone

Crimson sand keeps moving me along
Drifting, impending dawn
Where have I gone?
Alone
Frozen in the saturating sun
What have I done?
I am no one
Keep moving on

Barren of soul emotion gone
Painless broken stare, my heart is unaware
Of all the wrong
Blinded and unrecognized
I am alone
Confused by the moments I used to know
Where have I gone?
Alone
