

## Let's Start A Riot

Endless Struggle

f\*\*kin' Riot!  
Grab the gas, Grab the rags  
Molotov Cocktails in our hands  
Swing 'em up, Swing 'em high  
Burn them f\*\*kers till they die  
Religious war's no reason why  
All these soldiers sent to die  
They bring them in, They send them out  
Everyone will scream and shout
